MEMORANDUM FOR THE RECORD

SUBJECT: Briefing Charts for PAR's 202 and 224

During an investigation of the capability of the Briefing Printer to accommodate the new 40 x 40 inch print requirement, there was developed a chart showing the format coverage obtained with the various lenses. I requested that this chart be added to those we had approved. Since these are simple charts their cost should be significantly lower than the average for these boards.
